

REMARKS

Claims 1-19, of which claims 3-6 are currently amended, appear in this application for the Examiner's review and consideration. Claims 3-6 are amended to correct typographical errors and to correct an error in Formula IIa. The specification is also amended to correct Formula IIa, which appears on pages 7 and 19 of the specification. The support for these changes are found throughout the specification. The correct Formula IIa is also found in the parent of this application, International Application No. PCT/IL02/00618, for example in claim 17.

As none of these changes introduces new matter, Applicants respectfully request that the amendments be entered at this time.

Respectfully submitted,

Date: 25 FEBRUARY 2005
